# DEATH EDGE

Hello, readers!

We hope you enjoyed this new chapter of **DEATH EDGE**! We are incredibly curious where this is going and urge you all to support the mangaka by buying a copy of her work.

If you wish to get manga quicker, please consider joining our team. We could really use some extra dedicated people to make sure our readers get the best experience!

Visit our forum for more information on joining, who's who, why you should only read on boto.to, and why sites such as MangaFox are bad.

Comments

**DEATH EDGE** has been on our projects list for a while now and we've been on it for close to a year due to various unfortunate events. So I am incredibly happy to finally release this chapter! I have bought the volumes available and we would be more than happy to continue this manga. But, to do so, we'll need a **Japanese or Chinese translator** and more cleaners and typesetters with experience/proficiency. If you would like to apply as a translator for this, please be advised that this manga does not have a lot of furigana and is therefore harder to translate. There is also so much text, it makes you want to hurt someone... If you're still interested, please apply! (e- w- e)
